The Big Raise

The Big Raise and our events exist to help other charities raise funds through big events for their big mission. If you have enjoyed one of our events (or just want to help) consider directly supporting what the Big Raise is doing by making a contribution at: <https://jointheraise.com/about/>. Contributions help us grow events; market events; and find organizations that assist others with big needs to make a difference.

We also need help for events. Contact us at director@jointheraise.com to inquire.
